Setting up a Google Speaker

1. Open your Google Home App

2. Touch "+" in top left corner

3. Touch "Add New Device"

4. Select your home address

5. Touch "Next" in the bottom right hand corner

6. The screen will show "looking for devices" (It is scanning for devices that are plugged in)

7. Select "speaker" from list of devices found

8. Select "yes" to "Would you like to set up this device?"

9. The screen will show that it is connecting and a sound will play. Select "yes" if you hear it

10. You will be asked if you want to share statistics with Google. Select "yes I'm in" or "no"

11. Select which room your speaker is in

12. Connect to your WIFI and it's set up
